*Care Transformation Collaborative of RI*

## Welcome & Updates

- Housekeeping/Ground Rules
- Program Evaluation Expectations and Due Date
- Practice Payments

## Participant Sharing

- Technical Enhancements
- Changes to Policies, Workflows, Training

- **Activity: White Board**

# Housekeeping & Ground Rules

- The goal of this pilot is to improve patient care and health equity through improved collection of demographic data
- The information presented in this webinar series is intended to be educational and provide information on best practices for you to take back to practice leadership for review and discussion.
- We recognize that best practices, evidence and standards continue to evolve.
- We encourage open, honest and respectful communication and participation. Everyone can benefit from what they can offer and what they can take away from our discussions. The success of this session depends on your participation.
- Please put your camera on and feel free to raise your hand and unmute to share ideas/ask questions.

# Program Evaluation & Expectations

- Sending out a Survey Monkey Link 3/15
- Please complete by 3/22 no later than 5PM.

# Practice Payments

- Beginning of May 2024.
- Review of files and will be in contact if information required.
