

Changes to KMH Platform for AD Users

Margaret M. Menna, MBA, *Senior Training & Education Specialist*

Andrea Levesque, *Customer Experience Manager*

What's new?

- Patient List (Landing Page)
- Patient Search Screen
- Assessments

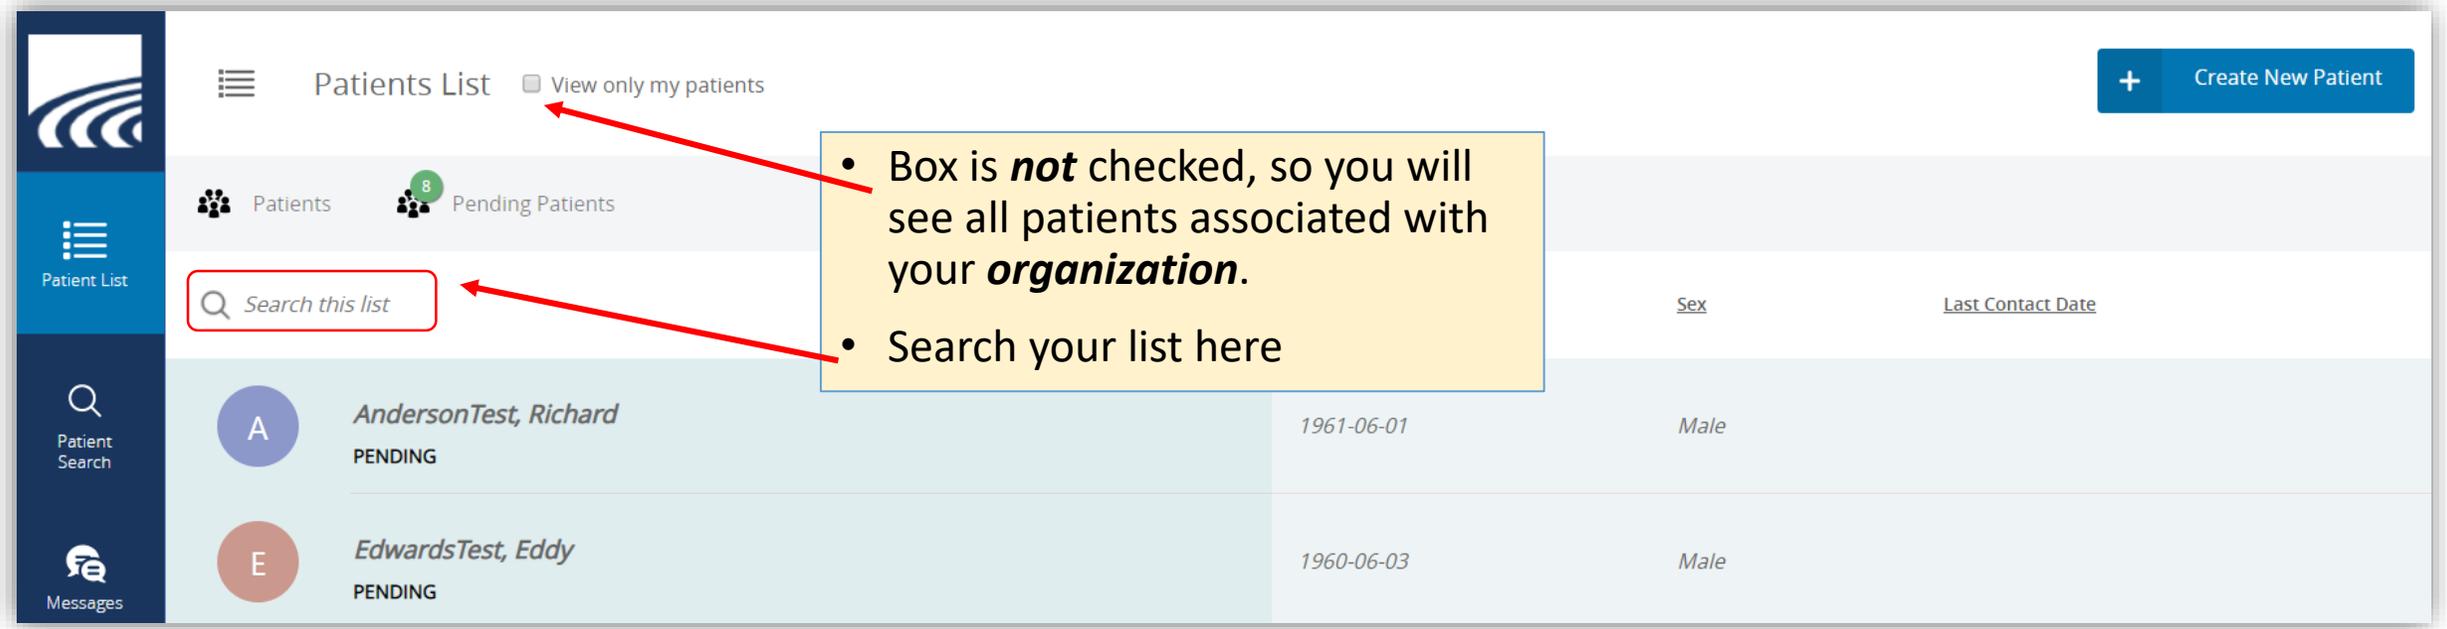

Patient List – View only My Patients

The screenshot shows a web interface for a 'Patients List'. At the top left is a navigation menu with icons for Patient List, Patient Search, Messages, and a user profile. The main header area contains a hamburger menu icon, the text 'Patients List', and a checkbox labeled 'View only my patients' which is currently checked. A red arrow points from a callout box to this checkbox. To the right of the header is a blue button with a plus sign and the text 'Create New Patient'. Below the header are two tabs: 'Patients' and 'Pending Patients' (with a green badge showing the number 8). A search bar is labeled 'Search this list'. The main content area is a table with columns for 'Date of birth', 'Sex', and 'Last Contact Date'. The table lists three patients, all with a 'PENDING' status.

		<u>Date of birth</u>	<u>Sex</u>	<u>Last Contact Date</u>
	<i>AndersonTest, Richard</i> PENDING	1961-06-01	Male	
	<i>EdwardsTest, Eddy</i> PENDING	1960-06-03	Male	
	<i>JonesTest, Jessie</i> PENDING	1955-01-10	Female	

- When box is checked, you will see only patients for whom you personally set up account;
- When box is not checked, you will see all patients associated with your **organization**.

Patient List – Search for Patients who have already been entered for your organization

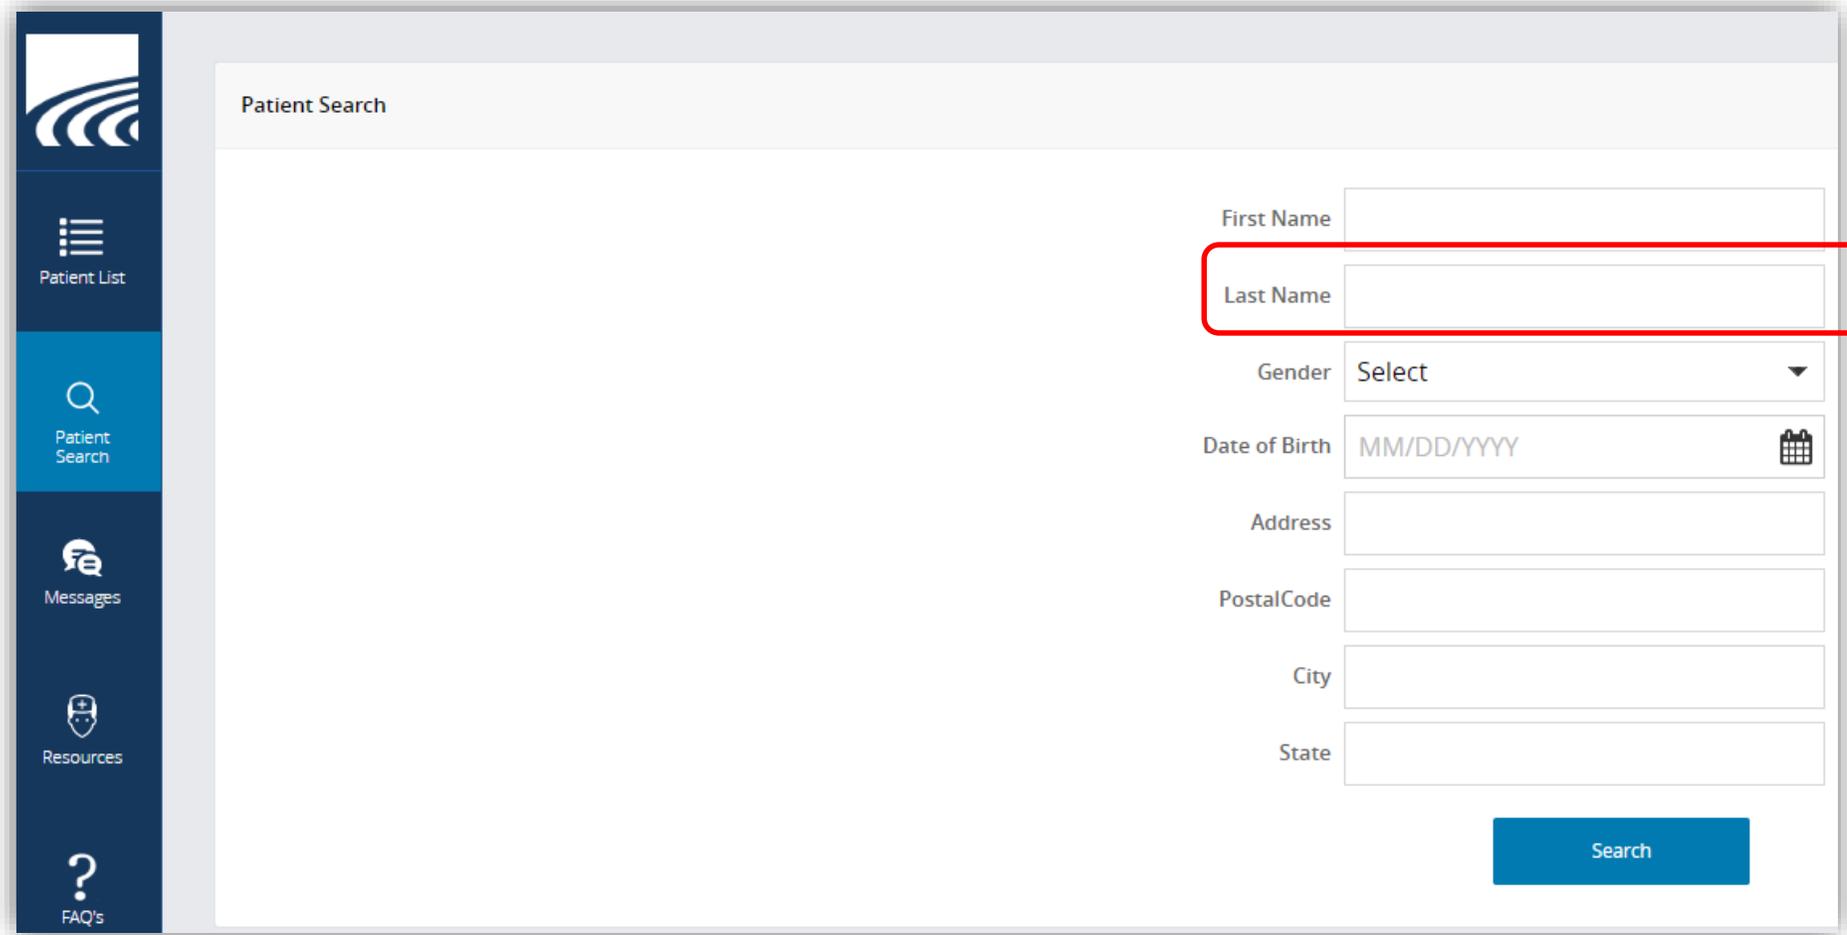

The screenshot shows a web interface for a 'Patients List'. At the top, there is a header with a menu icon, the text 'Patients List', and a checkbox labeled 'View only my patients' which is currently unchecked. To the right of the header is a blue button with a plus sign and the text 'Create New Patient'. Below the header, there are two tabs: 'Patients' and 'Pending Patients' (with a green badge showing the number '8'). A search bar with the placeholder text 'Search this list' is highlighted with a red box. A yellow callout box with two bullet points is positioned over the search bar and the 'View only my patients' checkbox. The main content area displays a table of patients. The table has columns for 'Sex' and 'Last Contact Date'. Two patient entries are visible: 'AndersonTest, Richard' and 'EdwardsTest, Eddy', both with a status of 'PENDING'.

- Box is **not** checked, so you will see all patients associated with your **organization**.
- Search your list here

			<u>Sex</u>	<u>Last Contact Date</u>
	AndersonTest, Richard PENDING	1961-06-01	Male	
	EdwardsTest, Eddy PENDING	1960-06-03	Male	

Patient Search – check to see if your patients were added by other organizations

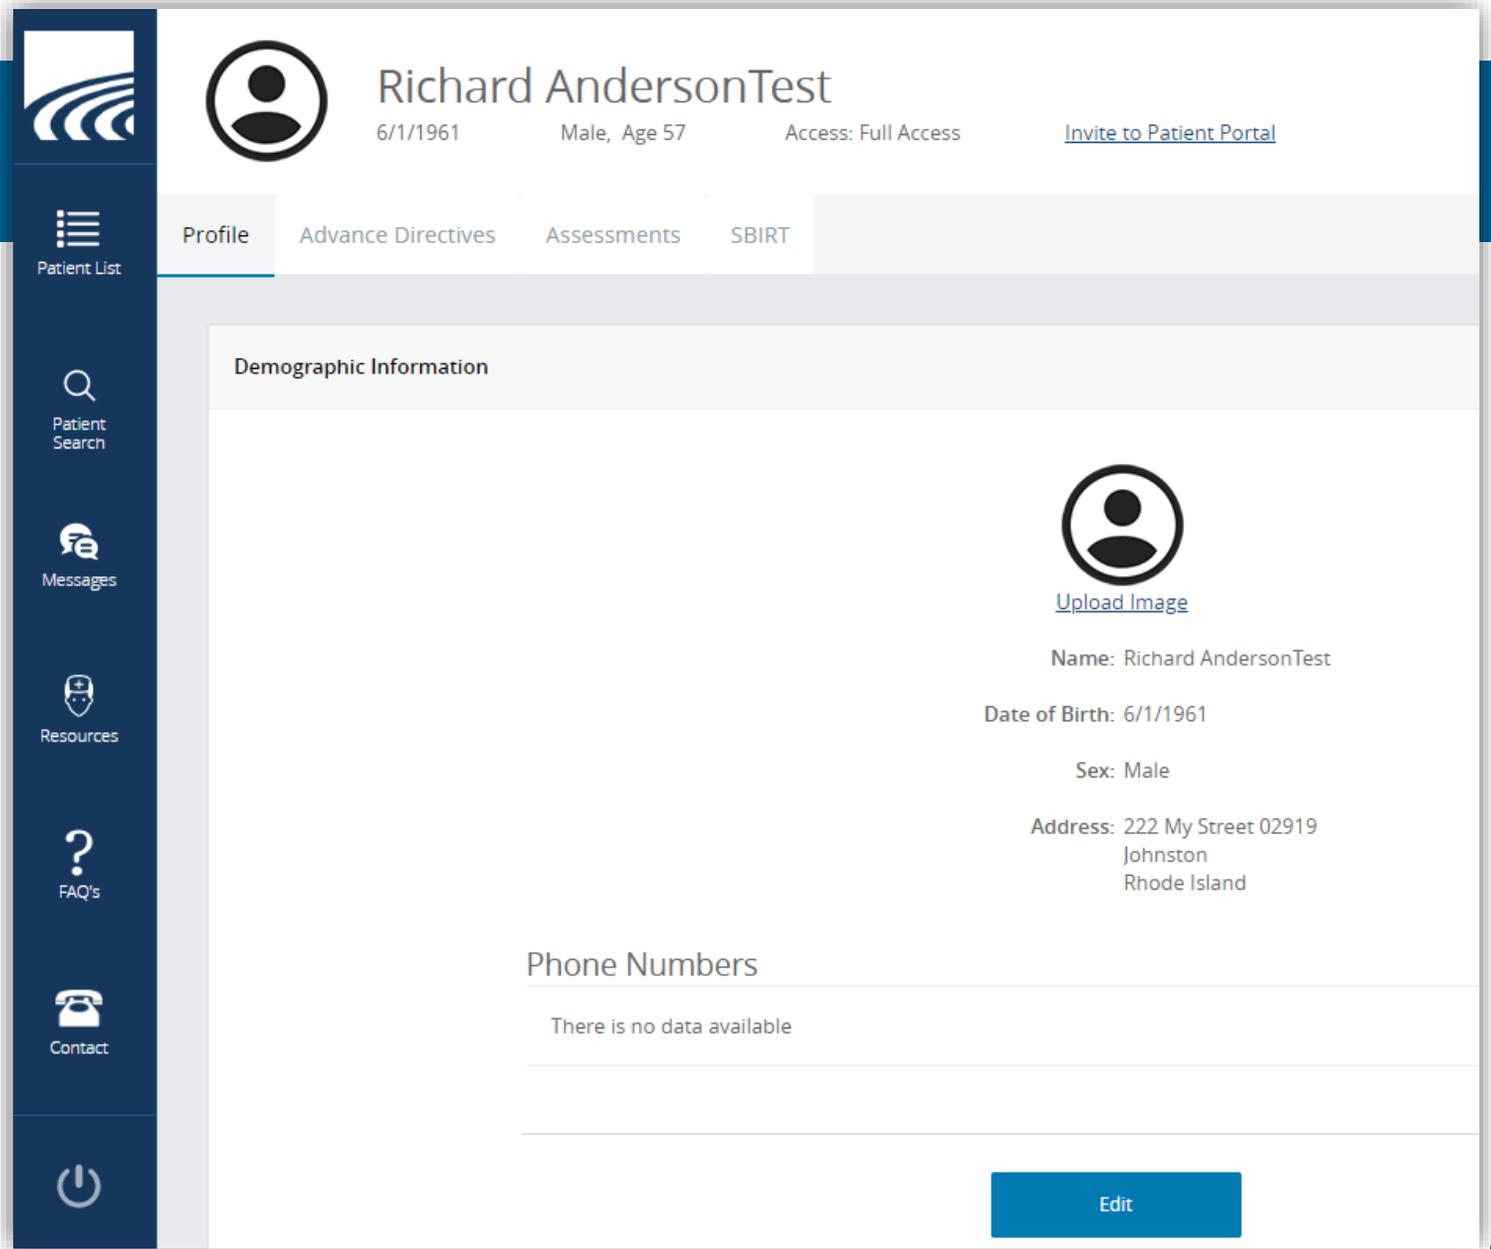

- Use this feature to search for patients who may not yet be associated with your organization, e.g. a new patient

The screenshot shows a web application interface for "Patient Search". On the left is a dark blue sidebar with icons and labels for "Patient List", "Patient Search" (highlighted in blue), "Messages", "Resources", and "FAQ's". The main content area has a header "Patient Search" and a large empty space. On the right side, there is a search form with the following fields: "First Name" (text input), "Last Name" (text input, highlighted with a red rectangle), "Gender" (dropdown menu with "Select" and a downward arrow), "Date of Birth" (text input with "MM/DD/YYYY" placeholder and a calendar icon), "Address" (text input), "PostalCode" (text input), "City" (text input), and "State" (text input). A blue "Search" button is located at the bottom right of the form.

Patient Screen - Profile

Provider can edit demographics on this page by clicking the edit button

The screenshot shows a patient profile page for Richard AndersonTest. At the top, there is a navigation bar with tabs for Profile, Advance Directives, Assessments, and SBIRT. The Profile tab is selected. Below the navigation bar, the patient's name, date of birth (6/1/1961), gender (Male), age (57), and access level (Full Access) are displayed. A link to 'Invite to Patient Portal' is also present. The main content area is titled 'Demographic Information' and contains a profile picture placeholder with an 'Upload Image' link. Below the image, the patient's name, date of birth, sex, and address are listed. A section for 'Phone Numbers' is shown with the message 'There is no data available'. At the bottom right of the page, there is a blue 'Edit' button. A dark blue sidebar on the left contains icons for Patient List, Patient Search, Messages, Resources, FAQ's, and Contact.

Patient Screen – Advance Directives

Patient Screen – SBIRT – Start a New Screening

The screenshot shows a patient profile for Richard AndersonTest. The profile includes a circular icon, the name, date of birth (6/1/1961), gender and age (Male, Age 57), and access level (Full Access). A link to 'Invite to Patient Portal' is present. Below the profile information is a navigation bar with tabs for Profile, Advance Directives, Assessments, and SBIRT. The SBIRT tab is highlighted with a red box. Below the navigation bar is a section titled 'SBIRT Screenings' which is currently empty, displaying the text 'There are no items.' A blue button labeled 'Start a new screening' is located in the bottom right corner of the SBIRT section and is also highlighted with a red box. A red arrow points from the SBIRT tab to this button.

SBIRT Screening – “Start” or “Invite”

- The provider can start the screening and enter the answers to the questions as they are asked, or
- Provider can ‘invite’ the patient to complete the screening
 - *Workflows would need to be discussed to determine the best way to do this*

Patient Screen – SBIRT – Start a New Screening

The screenshot shows a patient profile for Richard Anderson, Test, born 6/1/1961, Male, Age 58, with Full Access. A modal window titled "SBIRT Screening" is open, showing two options: "SBIRT Screening" and "SBIRT Screening + Depression Screening". Each option has "Start" and "Invite" buttons. A "Cancel" button is at the bottom of the modal. The background shows a sidebar with "Patient List", "Patient Search", "Messages", and "Resources".

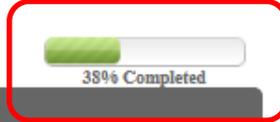

- Select either the SBIRT Screening or
- SBIRT Screening + Depression Screening

SBIRT – scoring/result upon submission

The SBIRT Pre-Screen questions (alcohol score = 7) indicated that we should ask additional questions about alcohol (AUDIT). See below for details.

Drug - Negative - 0

The SBIRT Pre-Screen questions (drug score = 0) indicated that no additional questions about drugs were required.

Full Screen = Positive

The Full Screen results indicated at least one area was Positive. See below for details.

AUDIT - Positive - 15 - Recommended for Brief Intervention

A score of 15 on the alcohol use "AUDIT" screening indicates possible At-Risk behavior.

Please contact the medical team who invited you to take this screening to have a more detailed conversation with a care provider. Click [here](#) to learn more about the risks of drinking and how you can reduce your risks.

There is help! For immediate assistance with a mental health or substance use crisis, call 911, or contact the trained professionals at Rhode Island's BHLink at 401-414-5465 or <https://www.bhlink.org/>.

 **Thank you. You have completed the standard SBIRT Screening. Please notify the provider who asked you to complete this screening. To see a report of all responses, click the View link below.**
