

# Unite Rhode Island Coordinated Care Network

---

August 20th, 2021

# What is Unite Rhode Island?

Unite Rhode Island is a coordinated care network of health and social care providers. Partners in the network are connected through a shared technology platform, Unite Us, which enables them to send and receive electronic referrals, address people's social needs, and improve health across communities. Unite Rhode Island is sponsored by **Prospect Health Services RI, Inc., Rhode Island Office of Veteran Services, Kids' Link RI, and Coastal Medical**. The Unite Rhode Island implementation team includes the **United Way of Rhode Island**.

Joining the network is free of cost for community-based organizations and nonprofits and many organizations that are considered part of the safety net, like community health centers, tribal clinics, and mental health centers.
